Items To Be Discussed

[BOARD LEADERSHIP](#)

Minutes:

Vice-Chairman Paula Wright and Board Member Scott Shine discussed the following:

- A general desire that Board Members speak with a consistent "one voice" regarding matters affecting the Board.
- A goal to see the Board more focused on improving academic

measures in the District.

- Capital improvement, the challenges of funding and the needs of the District. They agreed simply closing schools is not the best practice but consolidation that offers a sound alternative to be considered.
- Research and the need to do more with advanced statistical analysis and to have a better understanding of the reasons behind and effecting academic achievement performance measures.
- The need for more direct interaction with the subject matter experts in the District would be an advantage and this should be more a part of the future Board Workshop Meetings.
